

Good Morning FCSL,

This season has been off to an amazing start with most teams having completed their opening dual meet and had the first round of water polo games. Here are a couple of notes to keep in mind.

Program Ads

We will be producing programs for 2023 Counties, this will be the first time selling them at a non limited spectator event since 2019. Ads are due by **August 1st** (July 27th for early bird pricing if you are upgrading to color). Ads are included in your dues, so please take advantage of this.

The program ad committee has created two fliers, one for FCSL clubs, and one for outside clubs/vendors/families. The program is our main source of revenue for the FCSL during the summer. Please invite your families, especially those with seniors, to participate. Also, please send to any local businesses or club teams.

Instagram

The FCSL is running an instagram page to share photos and news from the League. Please follow and invite families to follow. **@FairfieldCountySwimLeague** We want to include photos from meets and games so please send to fcslpresident@gmail.com.

Divisional Chairs

Save the Date: There will be a divisionals meeting via zoom on **Monday, July 17th at 8:00pm**. This is for all divisional chairs and championship committee board members. Host club GMs or other people associated with divisionals welcome to attend.

As always, if you have any questions or feedback, please email or text me at any point. Now onto Week 2!

Dana
