

**July 6 2021**

I hope everyone had a fantastic 4th!

Just a couple of reminders as we head into the second week of competition:

1. Kim Wise from Rocky Point created a great one pager to write down back up times. Please feel free to use. Thank you Kim!
2. Please make sure to add all swim/dive and polo players to your rosters - we understand new kids walk on the pool deck each day and we want to make sure they are accounted for. Also, please make sure their parents sign the digital COVID waiver before their first meet/game. LINK: <https://forms.gle/265piUYc7enYEktC8>
3. It is HOT! This means that if you are using phones to time they may overheat or drain battery faster than typical. Have a charging doc at the pool and backup chargers and timers on hand. Have shade and ice buckets/water behind each lane and for your timers and starter.
4. If you have trouble with Swimmingly during the meet please contact them directly (not me). They can be reached at team@swimmingly.app and 866-377-7946.
5. Don't forget to post your scores within 24 hrs of meet completion.
6. D1-4 Divisional meet locations are finalized and we are hoping D5/6 will be finalized in the next 48 hours. All updates will be posted to the [fcs1.info](http://fcs1.info) homepage (and in Key Dates)

Best,  
Megan
